Global Business Innovation Programme Connected & Autonomous Vehicles

1.
The Global Business Innovation Programme (GBIP) helps ambitious UK companies developing cutting edge technologies in key sectors enter global markets of strategic importance and find international collaboration partners.

**WHAT TO EXPECT**
Successful applicants will benefit from an intensive 9 to 12 months three phased programme and bespoke support from an Innovation and Growth Specialist throughout.

**Getting ready for the market**: Preparation workshops to build knowledge and understanding of the market and opportunities, including cultural differences and how to do business in South Korea, protecting Intellectual Property and training on articulating your value proposition and how to pitch.

**Visiting the market**: Exclusive access to the South Korean connected and autonomous vehicles market and the opportunity to meet with key contacts, research organisations and companies. Meet potential collaborators and partners through pre-arranged meetings and matchmaking events.

**Exploiting the opportunity**: A follow-up workshop and bespoke support from an Innovate UK EDGE Innovation and Growth Specialist to exploit contacts and knowledge gained during the visit and develop cross border innovation projects.

By applying for a place, businesses commit to participating in all three phases to maximise the opportunities for the business and public investment. A senior person from the business will be expected to participate in all activities and should be the named applicant. Successful businesses will have a designated Innovate UK EDGE Innovation and Growth Specialist to support them for the duration of the Global Business Innovation Programme, including developing an action plan to capitalise on the opportunities identified.

You will be expected to work with the Innovate UK EDGE Specialist throughout the length of the initiative. Innovate UK will fund and organise flights, accommodation, and in-market travel and conference fees for successful applicants and overnight accommodation and dinner for the pre-visit workshop.
On acceptance to the Global Business Innovation Programme, a commitment fee of £500 (ex VAT) will be obtained from each successful company which will be returned after their involvement in all activities. Non-compliance with any part of the initiative after formal acceptance may result in forfeiting some or all of the fee.

Please note, this application must be completed online in one session. You cannot save and return to the form, so we strongly advise you to prepare a draft. Only online applications will be accepted. The application will take approximately 1 hour to complete. All fields are mandatory. Your application will be reviewed by a selection panel. Places are limited and will only be offered to businesses that score sufficiently highly and agree to engage with all three phases of the programme. Successful applicants will be offered a place by 27 January 2023.

2. SUBSIDY CONTROL & ELIGIBILITY

This programme is fully funded by Innovate UK and constitutes a Subsidy as defined under the UK-EU Trade and Cooperation Agreement Article 3.1. To qualify an enterprise cannot have received more than £325,000 (in Northern Ireland €200,000) of subsidy within any three-year period (UK-EU Trade and Cooperation Agreement Article 3.2). A company must also comply with the following:

- Be a UK registered and trading company
- Employ less than 500 employees (in Northern Ireland less than 250 employees, a turnover of less than €50 million or a balance sheet total of less than €43 million)
- Be a going concern and filed accounts on time
- Have no more than 2 County Court Judgements over £10,000
- Have no disqualified directors

I am eligible to apply for this programme.

8. Privacy Policy
PRIVACY POLICY
We take your data very seriously and are committed to the privacy and security of it. Our Privacy Statement explains the types of personal data we may collect about you and how we’ll store and handle that data, and keep it safe.

If your application is successful, to expedite your visit, we will have to share your personal data (e.g. your name, email address) with our partners in South Korea. South Korea is not the subject of an Adequacy Decision and lacks adequate data privacy laws equivalent to the Data Protection Act 2018 and the General Data Protection Regulation. As such, your personal data cannot freely be transferred without certain safeguards in place. Therefore, to ensure that delegates are able to undertake the visit, we will ensure that there are adequate safeguards in place to protect their personal data. We will require your consent to share personal data with our partners in South Korea.

I consent to personal data being transferred to partners in South Korea.

☐ Yes
☐ No

9. WITHDRAWAL OF SUPPORT

UK Research and Innovation (UKRI) reserve the right to withdraw support at any time even after you have been accepted onto the programme. If your company is deemed to be ineligible for support due to any information that may become available to UKRI after the date of acceptance, you will be notified immediately and the commitment fee refunded to you within 7 business days of the letter of notice.

I confirm the information provided in this application is true to the best of my knowledge and belief and that I have authority to sign on behalf of the applicant company. By submitting this application I agree to be bound by the terms and conditions set out herein.
